We Try Hard—and Keep Trying

Interest in Smokey Bear continues to be one of the most remarkable phenomena in modern history. It is impossible to know for sure how many wildfires have been prevented because of his ubiquitous message, but my guess is it is plenty. For 37 years it has been my pleasure to provide materials to help with Smokey's campaign and to work with you and the other great men and women who carry Smokey's message to the public.

In recent years there has been an increase in competition for the sale of Smokey items. Some outlets are legitimate, others not so much. With this, and trying to hold the line on prices in the face of inflation, and along with labor shortages, operating a small business is not easy. Still, we want to be the best and here are some of the ways we try:

- We are licensed and we sell only Smokey items that are licensed.
- A percentage of sales is contributed to wildfire prevention.
- We try to keep prices affordable and we do not hide shipping costs by increasing product prices (pretending to offer "free" shipping!).
- We are good stewards in our community, parks and national forests and volunteer to help when needed.
- Our business recycles and uses recycled boxes and other materials when possible.
- And, of course, we conduct our business in person and do our best to always provide fast, friendly service—and we guarantee satisfaction.

Thank you for your business and for being part of the campaign to prevent wildfires. I hope 2023 finds you safe, happy, and prosperous.
